\$2,200.00 Recommended by Budget Committee

ARTICLE 39. To see if the town will vote to pay the Water Commissioners the sum of Two Hundred Dollars (\$200.00) each, per year. Said sum to be paid from receipts of the Water Department.

Recommended

ARTICLE 40. To see if the town will vote to create a Board of Water Commissioners of three members, one member to be elected annually to serve for three years, except on creation of the board three members shall be elected, the one receiving the highest number of votes to serve for three years, the second highest two years and the third highest one year.

Recommended

ARTICLE 41. To see if the town will vote to put the Rubbish and Garbage Collection and Caretaker of the Town Dump under the responsibility of the Health Department. And to raise and appropriate the sum of \$3,000.00 yearly to employ a full-time man to care for said dump and collections. Said contract to be let on a three year basis. Selectmen to direct fencing and setting up of rules and regulations and fire protection.

Not Recommended

ARTICLE 42. To see if the town will vote to extend garbage and trash collection from Coombs Corner to corner of Scotland Road.

ARTICLE 43. To see if the town will vote to raise and appropriate or direct the Selectmen to borrow \$6,000.00 for the purpose of building a town shed to store highway equipment. The aforesaid amount to be liquidated through the issuance of serial notes of two thousand dollars each, maturing annually.

Not Recommended

ARTICLE 44. To see if the town will vote to extend the lights on Ashuelot Street as far as the top of Barrett Hill, near the residence of Auverne Stetson's, nine lights as recommended by Public Service Company and raise the sum of \$209.50 for same.

Recommended

ARTICLE 45. To see if the town will vote to raise and appropriate the sum of \$23,125.00 for the purpose of extending the water mains from the main line near the pump house along the road on the east side of Forest Lake for a distance of approximately 1 mile and 5 tenths. The aforesaid amount to be liquidated through the issuance of serial notes of \$2,000.00 each maturing annually.

Not Recommended

ARTICLE 46. To see if the town will vote to raise and appropriate or to direct the selectmen to borrow, repayable annually a sum not to exceed \$12,500.00 for extending the present water mains on the old Ashuelot Road from the Payeski Place or Hadlock's Gas Station to a point opposite the home of Eugene Allen.

Recommended

ARTICLE 47. To see if the town will raise and appropriate or direct the selectmen to borrow, repayable annually, the sum of \$7,700.00 for the purpose of extending the water mains along Broad Brook Road, lower Ashuelot for a distance of approximately 1,100 feet from the existing main.

Recommended

ARTICLE 48. To see if the town will vote to raise and appropriate or direct the selectmen to borrow, repayable \$2,000.00 annually a sum not to exceed \$12,500.00 for extending the present water mains on Elm Street from the Willie Fields Place to the Herman Baker Farm. A distance of 4,225 feet or eight-tenths of a mile.

Recommended

ARTICLE 49. To see if the town will raise and appropriate the sum of \$10,900.00 for the purpose of installing the water pipeline from the present main located in front of Charles Anderson Farm up the Old Crossroad to Luces' Corner. The aforesaid amount to be liquidated through the issuance of serial notes of two thousand dollars each, maturing annually.

Recommended

ARTICLE 50. To see if the town will vote to extend the town water for two miles starting at junction of Route 78 and Route 10 and extending south to the home of S. G. Johnson.

No Action

ARTICLE 51. To see if the town will vote to authorize the Selectmen to appoint a Board of three members to formulate a zoning regulation for the Town of Winchester and present said regulation at the next annual town meeting.

ARTICLE 52. To see if the town will vote to extend the one year contract of the rubbish and garbage collection to a 3 to 5 year contract.

ARTICLE 53. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 21st day of February, A. D. 1950.

A true copy of Warrant — Attest:

DANIEL C. HILL,
FRED A. CLARK,
THOMAS M. O'CONNOR,
Selectmen of Winchester.

TOWN PLANNING BOARD

Feb. 20, 1950

Board of Selectmen:

Gentlemen:

The Planning Board has been inactive during the past year, due in part, to the unfilled vacancies of members who have left town.

There are many projects worthy of consideration, which would result in much benefit to the Town, among which are:

1—A priority list of road surfacing projects, in order of most urgent need, which should be submitted to the voters at regular Town Meeting for their acceptance.

2—A similar list of Water Main extensions.

3—A residential Zoning Ordinance.

GEORGE FOSDICK,
E. DAVID SWEET,
CHARLOTTE DUSTAN,
ELMER JOHNSON.

ANNUAL REPORT OF LIBRARIAN

CIRCULATION REPORT

Fiction	7,463
Non-Fiction	2,463
Juvenile	3,406
Magazines	2,323
<hr/>	
Total	15,655

This total is an increase of 2,551 over that of 1948.

403 new books were purchased during the year.

A new edition of the Hammond World Atlas was given by The Minatt Rivers Post #44, American Legion.

To our Magazine Department we have added Practical Home Economics, Atlantic Monthly, Modern Photography, and Vermont Life. The Natural History Magazine is a gift of the Librarian and American Forests is sent to us by the American Forestry Association.

A new bookcase was installed in the Reading Room to shelve our Reference Collection.

On June 3 the Library was host to a Neighborhood Meeting of Librarians. Miss Catherine Pratt, Assistant State Librarian, was present to discuss book discarding and use of pamphlet material. The guest speaker was Mr. Andrew Neal, Librarian at Fitzwilliam, N. H. His subject was, "Comments and Criticisms on Adult Books." A box lunch was enjoyed at Musterfield Park.

The week of June 20 - 25, I attended the Library Institute at Franklin, N. H. This was conducted by the New Hampshire State Library. The courses covered during the week were Classification, Cataloging and Library Administration.

Respectfully submitted,

EDITH W. ATKINS,
Librarian.

FOREST FIRES—OUR MOST SHAMEFUL WASTE

Everyone apparently fears fire but too many are careless with it. This is particularly true of fires in and near woodlands. Official figures show that more than 98 percent of all forest fires result from human carelessness and can be prevented. Consequently, we may say "Forest Fires are our most shameful waste".

Annual forest fire losses are tremendous and their effects far reaching. Such fires destroy the raw products of the forests, the protection forests provide for game and the supply of ground water. They upset local economies by drawing men from gainful employment and requiring the expenditure of public funds to extinguish them.

Our forest fire organization is doing a good job in keeping the size of fires small but the number of fires is increasing. In 1949 there were 100 more fires in New Hampshire than in 1948, but they burned 500 acres less. For the warden and his deputies to do the job they are capable of, they must have the cooperation of the public—YOU!

The primary objective of all fire fighters is PREVENTION—fire stoppage. This is the goal toward which your local forest fire warden and his deputies are constantly working. It can be achieved ONLY if YOU and YOU cooperate with them. It is worth YOUR effort and can be accomplished by:

1. Being careful with fire in or near woodland, being particularly careful with matches and cigarettes.
2. Securing the required written permit from the warden when the ground is not covered with snow.
3. Insisting that others be careful and comply with burning requirements.

4. Calling the warden promptly when fire is detected and aiding him to extinguish it.

Let's reduce the number of forest fires and eliminate our most shameful waste.

1949 FIRE RECORD OF WINCHESTER

Number of fires	6
Acreage burned	2¾ acres
Number of fire permits issued	34

Respectfully submitted,

F. J. BAKER,
District Chief.

EARLE SWEAT,
Forest Fire Warden.

Number of Mertropolitan Ins. cases	10
Number of John Hancock Ins. cases	5

The absence of any Doctor in town the first part of the year put an unusual strain on the service, especially in regard to night calls. Also actual bedside nursing was nearly doubled over previous years, due mainly to the heavy load of chronic cases requiring frequent care. There were many calls for clothing after fires, and for new born babies; and several requests for food. The nurse feels especially grateful to the organizations and individuals who helped supply these necessities at a very busy time.

Early in the year funds were raised by card parties and solicitation for the purchase of a comfortable bed and mattress for a chronic invalid. At the same time, a radio donated by Mrs. Walter Woods was reconditioned with the balance of the money raised, and given to another invalid.

Throughout the year Kiwanis has provided dental care for one child, glasses for six, shoes and boots for nine, a ten dollar basket of groceries for one family, and agreed to the financing of dental and hospital expenses of another boy. Unfortunately the apathy and failure to keep appointments, cancelled this last effort.

The Red Cross provided shoes for two children of a Veteran in need.

At Christmas time in addition to clothing previously mentioned, new toys were distributed to over fifty children, from donations received from Kiwanis, Rebekahs, and Girl Scouts.

In the Fall, one of the nurse's objectives was realized when the Council established an emergency fund with a controlling committee of three members to aid the nurse in welfare work. The King's Daughters contributed to the original amount set aside, and it is hoped that other organiza-

tions and individuals will do so in the future as they see the benefits resulting from it. At present this committee is composed of Mrs. Fred De-tour, Miss Ruth Kellom, and Mr. Clarence Cook. So far this fund has been used to provide food for a needy family, and hot lunches for a short time to an undernourished child, until the family felt it could assume the expense.

Mrs. Mildred Aiken, of the T. B. Clinic assumed charges for many x-rays of an underprivileged boy. The expense would have been very prohibitive for any local organization to meet.

SCHOOLS

April 6th—Mr. Curtis Bresnahan, State Child Health Officer spent the day visiting in Center School, checking up on handicapped children. He offered solutions to various existing problems. He also emphasized many points made by Dr. Bruce, mentioned elsewhere in the report in regard to the nurse maintaining good public relations.

May 3rd—Mrs. Mildred Aiken, R. N. addressed the Junior and Senior High School students and showed illustrating movies on Tuberculosis. Emphasis was placed on prevention and early detection. Literature and permission slips for the Patch Test were sent home to parents, and the response was excellent.

May 9th—The Patch Test was given to 159 students and 7 teachers. These were checked on May 11th, 13th, and 16th. Six students and three teachers showed positive reactions, and were x-rayed on May 25th. Fortunately no active cases were found; although each showed calcified glands which indicated some previous contact with active T. B. This group was later addressed by Mrs. Aiken, and advised of the results. She emphasized the importance of their always maintaining a high protein, protective diet, regularity of habits, plenty of rest, and in general sensible living.

It is hoped that Mrs. Aiken can arrange to do the same test in the lower grades this Spring. It is a time consuming procedure, but surely worthy, if the health of the children is conserved in any way.

Physical examinations were completed in September and October by Dr. James Walsh. Noticeable was the extremely high rate of nutritional defects, and fungus on the feet. Mimeographed slips with recommended treatment were sent home for the latter defect. With the cooperation of the School Board, a cod liver oil program was started, at first in the lower grades, and later expanded to include the high school. Parents responded for the most part with enthusiasm in returning permission slips; and several requests were added to the original list. The very highest grade of oil was purchased, which meant that a small daily dose could be given. This has been given in orange juice, followed many times with an apple. There has been little or no nausea; in fact the children have actually seemed to enjoy it, and miss it when we are temporarily out of it. The School

Board authorized the initial purchase, and since then the American Legion has offered to, at least through the Winter months.

Vision testing was completed in December, and with a marked decrease in defects. This is due not alone to extensive follow up work, but to the efforts of Kiwanis in furnishing so many pairs of glasses the past two years for underprivileged children.

Because so much confusion has existed in the past, as to when a child should attend school, or stay at home, a form letter was drawn up with Mr. Lees' approval, and sent home to all parents at the beginning of the fall term. For the most part, parents have cooperated very well in observing the rules. It is felt that this has controlled the spread of communicable diseases, as well as a direct saving of time lost by the nurse in transportation.

One of the oldest and most vexing of school problems not only to the nurse, but to the parents, has been that of pediculi. The school has recently purchased a new non-toxic preparation, easily applied in the hair. Once applied, there is no need of excluding the child from school. Although periodic examinations are made of all heads for this cause, parents can cooperate by observing their own children frequently and notifying the teacher or nurse if they need help.

MEETINGS ATTENDED

March 9th—Attended the annual State Association meeting held at the State Hospital in Concord. Dr. Anna Philbrook, director of the Child Guidance Clinics, and Miss Margaret Reilly, R. N., associate of Dr. Richard Cabot, Boston, in juvenile delinquency work, were the speakers. Following the meeting, the nurses visited the new Winant Home. This is the headquarters for the clinic, plus facilities for expanding the service to aid deserted children, and those found in clinic work who would seem to benefit from constant supervision for a limited time.

March 10th—Attended a Nutritional meeting at Hinsdale High School, sponsored by Mr. Lees. Dr. Richard Smith and two workers who operate as a nutritional unit for promoting health in the school, spoke, and conducted an informal discussion of problems.

March 31st—Attended the workshop of nurses and superintendents at Keene Teacher's College. Dr. Lura Oak Bruce conducted the meeting, and showed films on venereal diseases. A discussion of sex education in the schools, and the problems preventing any comprehensive program as yet. These consist mainly of opposition from parents and religious groups.

Dr. Bruce's address was mainly on the nurse maintaining good public relations. She emphasized that the nurse is neither a policewoman, nor sanitary engineer, and loses her potential effectiveness in time of need if she has followed a policy of aggression in local health problems.

March 13th—The nurse was asked to address the Young People's Meeting, and chose as her subject "Teenage Health Problems".

June 9th—Miss Katherine Pierce, visiting nurse from John Hancock Insurance company, visited here for one day, checking on the service, and in general conference.

Sept. 2nd—Miss Marjorie Adams of Metropolitan Insurance spent a similar day here.

Oct. 20th—Attended one day's session of the State Teacher's Ass'n, school nurses division. Dr. Buley, commissioner of Education spoke, and conducted an informal discussion of problems. No one has as yet been appointed to fill Dr. Bruce's position, but he suggested tentative plans for future workshops such as she conducted.

Dec. 14th—Attended State Nurses meeting held at the Society for Crippled and handicapped people in Manchester. This was an unusually interesting meeting, as the nurses saw many demonstrations of occupational therapy, and hydrotherapy.

Due to the pressure of work many meetings and workshops have not been attended.

It is impossible to list all the individuals and organizations who have contributed so generously to all appeals by the nurse. Indeed her work would be very ineffective without them. But it is most gratifying to know that at no time has her work been hindered by lack of funds. At two very busy times Mrs. Harry Luce gave generously of her time in soliciting clothing, and raising money for the bed mentioned previously. Mr. Lees and the School Board have helped in every way possible in promoting the health work. Mrs. Agnes Grupe and the commercial department have co-operated many times with mimeographing. The executive Council has been most helpful with suggestions at all times. To these individuals and all organizations who have aided in any way, the nurse expresses her most sincere appreciation.

Respectfully submitted,

VERA MARTIN, R. N.

PLAYGROUND DIRECTOR'S REPORT

To the Town of Winchester:

I hereby submit my report of the town summer playground for the year 1949.

The program ran for eight weeks, beginning June 27 and ending August 19.

A total of 192 children were registered: 43 older boys, 37 older girls, and 112 in the combined young group.

During the morning session Miss Dorothy Tacy led a combined group of boys and girls between the ages of 4 and 9, while Mr. Philip Hyde, Jr., led the older boys. The older girls met with Miss Tacy in the afternoon.

The young children, under the excellent leadership of Miss Tacy, enjoyed the playground equipment at the Community Center, and Miss Tacy

also provided other activities including group games, individual games, story telling, and reading. A small set of swings, trapeze and rings, two wading pools, and a sand box were purchased and set up for these children.

The older boys, under the capable supervision of Mr. Hyde, participated in track and field athletics, volley ball, soft ball, basketball, baseball, swimming, horseshoe pitching and badminton.

In the afternoon Miss Tacy joined the older girls and they participated in track and field athletics, archery, badminton, swimming, soft ball and volley ball.

Each afternoon Mr. Hyde, assisted by a group of older boys, engaged in various maintenance and building activities such as care of the tennis courts, the softball and baseball diamonds, and the building of a raft at Forest Lake.

All groups met at the Community Center this year in order that the program might be better coordinated. Some of the older boys, assisted and directed by Mr. Hyde, dug jumping pits and horseshoe pits, erected standards, and set out areas for badminton and volley ball.

Among the special activities were outings to nearby lakes, by both the boys and girls of the older groups. Several baseball and softball games were played by the boys against Camp Rabbit Hollow and other out-of-town teams. This year the girls as well as the boys were taken to Boston to see a big league baseball game.

One of the outstanding features of the 1949 program was a dramatic group organized and directed by Miss Sylvia Beers. All children were eligible to participate. This group of children after hard and painstaking preparation presented to the public two one-act plays.

A record of the attendance, sportsmanship, abilities and skill advancement of the older girls was kept by Miss Tacy and at the end of the season a Playground Queen was selected on the basis of these records. Certificates of excellence in various activities were awarded to many of the girls.

The playground season was brought to a close on Governor Murphy Day. The program consisted of racing events for the young children and a softball game between the older boys and girls in the morning. In the afternoon the younger children participated in a decorated bike, trike, and doll carriage parade. The prizes for this event were presented to the children by ex-Governor Murphy that evening.

We wish to express appreciation to all the townspeople for their interest and cooperation. We particularly thank Mr. Rodger Tacy for the use of his beach, Mr. Philip Hyde, Sr., for the use of his truck and those who assisted in transporting children on our outings and to the baseball game.

I personally wish to extend my appreciation to Miss Tacy and Mr.

Hyde for their splendid spirit of cooperation, their resourcefulness and their unexcelled leadership.

Once again this project has proved to be one of the most worthwhile activities sponsored by the Town of Winchester. It is my hope that in the ensuing years the summer playground will continue to expand as it has in the past so that in time it will provide a program versatile enough to encompass the needs of every boy and girl in this town who is old enough to participate.

Respectfully submitted,

WILLIAM O. BUTLER

Report of the WATER COMMISSIONERS

WATER DEPARTMENT STATISTICS

Construction Started	April 19, 1948
Construction Completed	May 15, 1949
Number of Services	297
Families and Businesses Served	375
Average Daily Consumption	155,000 Gallons
Size of Mains	10 inch—8 inch—6 inch
Miles of Main	Approximately 10.3
Pressure Range	45 to 100 lbs.
Number of Hydrants	81
Source of Supply	58 foot Gravel Packed Well
Pump Capacity	250 Gallons per minute
Reservoir Capacity	550,000 Gallons

The above statistics are presented with the belief that the items mentioned are of general interest. It will be noted that the number of takers show an increase of approximately 25% over the original estimate, also that the daily consumption is much greater than originally anticipated. With this in mind it may be necessary to consider the installation of an additional pump which would be purchased by using receipts of the Water Department.

Our source of supply continues to be adequate and it is certain that the extreme conditions during the past summer months would indicate that the supply should be ample under most any condition.

We call your attention to the financial report which shows the de-

partment to be in good financial condition, however it must be considered that the report covers a period of fifteen months as no accounting was made at the close of the year 1948.

Respectfully submitted,

CLARENCE S. WALKER,

GEORGE R. FOSDICK, SR.,

FRANKLIN P. KELLOM.

Board of Water Commissioners.

AUDITORS' REPORT

The Auditors of the Town of Winchester submit the following report, covering the fiscal year ending December 31, 1949.

SCOPE OF AUDIT:

The examination and audit included the accounts and records of the Board of Selectmen, Treasurer, Tax Collector, Water Department, Town Clerk, Highway Commissioner, Fire Department, Forest Fire Department, Overseer of the Poor, Library Treasurer, Trustees of Trust Funds, Municipal Court, and Summer Playground.

SELECTMEN'S RECORDS:

The audit included a review of all financial transactions during the year. All invoices, orders, and checks were compared with entries in the Journal and Ledger records. All receipts were audited by comparing the Treasurer's report with the Journal and Ledger entries. The Tax Blotter of assessments and the Tax Warrant as committed to the Tax Collector, were compared. An examination has also been made of all insurance policies and the bonds of the Town Officers. The following are the comments and suggestions of the Auditors.

The Town accounts were not closed for the year 1949 until January 24, 1950. This was permitted only for the convenience of the officials involved, and should not be permitted another year. It is the duty of all persons handling Town funds to complete their regular business before December 31st. The records and account books for the year must be closed on that date and all subsequent transactions should be included in the business of the following year. Reference will be made to this same matter under other departments, but the Selectmen should enforce this rule for all Town departments.

Inspection of the supporting invoices attached to orders for payment of Town funds revealed that 23 invoices totaling \$962.42 had no itemization or information to show the exact supplies or equipment purchased. Also on three other invoices it was noted that permissible discounts totaling \$5.48 were not deducted from the payments of these invoices.

It is suggested that a better classification be made of monies received. The present groupings do not all reflect the actual source of the revenue.

It is also suggested that proper payments be made to all Doctors or ministers who report vital statistics for Town records.

The practice of charging mileage for automobile use should be restricted to travel while engaged in Town business, and should not include trips to and from the Town Hall.

Particular attention must be given to the matter of overdrafts on appropriations. In 1949 these overdrafts totaled \$23,420.28, (part of which was offset by unexpended balances and additional revenue). This represents a 23% excess on the funds voted for the Town Budget. All officials involved should watch expenditures very closely to prevent any recurrence of this situation.

TAX ACCOUNTS:

The audit included all receipts on individual tax accounts for the current year and back years, the remittances of this money to the Town Treasurer, and the verification of uncollected taxes by mailing notices to a majority of the delinquent taxpayers.

The situation on taxes uncollected for previous years is as follows:

	<i>Uncollected Taxes</i>	<i>Unredeemed Taxes</i>
Levy of 1948	\$ 122.00	\$ 797.67
Levy of 1947	115.59	128.69
Levy of 1946	176.26	92.01
Levy of 1945	325.80	118.34
Levy of 1944	283.48	24.69
Levy of 1943	93.93	6.31
Levy of 1942	110.58	10.53
Levy of 1941	91.21	41.14
Totals	\$ 1,318.85	\$ 1,219.38

During 1949 there was only \$39.39 collected on taxes of the years 1941-1947. This was 3% of the amount due. These outstanding accounts must be eliminated, either by collection or by abatement.

The record for 1948 accounts shows improvement, as the only uncollected items are for poll taxes. It should be the continued practice to erase all delinquent property taxes by a complete tax sale each year. It should also be required that the Tax Collector give the Town a deed on all unredeemed taxes for the year 1946 and previous years.

It is suggested that future audits of the Tax Collector's accounts should also include his checking account, used in remitting his collections to the Town Treasurer.

WATER DEPARTMENT:

All receipts for the period November 15, 1948, to December 31, 1949, were verified and all payments were audited by comparing invoices, checks and ledger records. All accounts were found very well kept and in excellent order. Examination was also made of the Water Construction account,

showing a balance of \$1,823.54 on December 31, 1949, to pay last accounts due on the installation of the water system.

TOWN TREASURER:

The audit included the statements of payments and receipts, and the verification of the receipts by comparison with original sources, as far as possible. It is suggested that these receipts should be classified by the same system as is used by the Selectmen, to permit uniformity of reports. It is particularly stressed that these books should have been closed on December 31, 1949, instead of recording 1949 business in January, 1950. This would permit a segregation of the business for each year, and would allow for a reconciliation of the bank balance with an actual amount as shown by the Bank statement.

TOWN CLERK:

The examination of records included all motor vehicle permits, dog licenses, vital statistics, and filing fees. All monies received from these sources were correctly accounted for and remitted to the Town treasurer monthly. There was an over-remittance of \$11.22 on Motor Vehicle Permits.

HIGHWAY DEPARTMENT:

All payrolls were audited and compared with the checks issued in payment for same, and no discrepancies were found.

It is suggested that a better record be kept of work done for outside parties, and this record be used in keeping accounts of receipts for this work.

It is also strongly recommended that an accounting be made to show a breakdown of maintenance costs for the separate roads in Town and for the costs of any special projects carried out by the department. With the large sums involved in present day maintenance of our highways it is imperative to use all possible means of ascertaining that the money raised for this purpose is being spent to the best advantage.

FIRE DEPARTMENT:

The payrolls and invoices for supplies were examined and all checks and records were found in proper order. The auditors recommend that either the Selectmen or clerk of the Fire Department pay all invoices, except payrolls, instead of the present system, whereby some of the invoices are paid by the clerk and some by the Selectmen.

FOREST FIRE DEPARTMENT:

All payrolls were audited and compared with money received from the Town and with checks issued to the individuals on the payrolls. There is \$3.00 due to the Forest Fire Warden from the Town on payroll of May 8th. There were four items of underpayments to fire fighters, totaling \$1.75. The checking account indicates a net shortage of \$1.00 left over from 1948. These discrepancies should be corrected.

OVERSEER OF THE POOR:

The auditors inspected all case records, orders approving aid, invoices for groceries, fuel, clothing, etc., and checks issued in payment for these invoices. There were twenty checks totaling \$230.16 which had no supporting invoices. There were also two invoices where discounts totaling \$1.00 were not deducted before payment. There were many instances of questionable items appearing on grocery bills and there were grocery invoices totaling \$387.32, which had no itemization of goods included.

The auditors recommend that the standard form for applying for town aid should be completely filled out and signed by each applicant. The recipients of aid should also be required to sign for the items received as provided for on the order forms.

A much closer supervision of this department is recommended.

LIBRARY:

The examination included all invoices and checks issued. There were 11 checks totaling \$219.80, which had no supporting invoices. The books were not closed until February 1, to permit receipts of income from the Trustees of Trust funds, totaling \$521.91. This practice should be discontinued immediately and the books closed on December 31st of each year. It is recommended that the invoices be filed in chronological order. Otherwise all records were found correct and in proper order.

SUMMER PLAYGROUND:

There were five checks issued totaling \$36.14, which had no supporting invoices. All other bills and checks were in proper order.

TRUST FUNDS:

The auditors examined all securities, savings bank books, receipts and disbursements of trust fund income, and reports of the separate funds. All records were found correct, well kept, and in proper order.

It is recommended that these fund incomes be handled only on the regular fiscal year basis, and that the practice of crediting income in January to the previous year should be discontinued. Also the invoices from the Cemetery committee for work on perpetual care lots must be in the hands of the trustees not later than October 31st of each year to permit the trustees to complete their accounts before the end of the year.

The new trust funds for perpetual care should be deposited in Savings Banks when received, instead of holding them until the end of the year.

MUNICIPAL COURT:

The examination included all receipts as charged to individual cases on the Court record, and the payment of this money to the respective de-

partments.

Receipts by case book record	\$ 1,474.70
Payments, by check book	1,439.70

SCHOOL WARRANT

To the inhabitants of the School District in the town of Winchester qualified to vote in district affairs:

You are hereby notified to meet at the Town Hall in said district on the fourteenth day of March 1950, at two o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a member of the School Board for the ensuing three years.
4. To choose a Treasurer for the ensuing year.
5. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

6. To choose Agents, Auditors, Committees in relation to any subject embraced in this warrant.

7. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.

8. To see if the district will vote to raise and appropriate, in addition to the original appropriation for 1949-50, a sum of eleven thousand dollars (\$11,000) to be made available to the school district prior to July 1, 1950, in order to meet unanticipated obligations caused by loss of state aid to education.

Given under our hands at said Winchester, this thirteenth day of February, 1950.

W. EARLE JONES,
E. PALMER BLISS,
ELSIE P. JOHNSON,

School Board.

REPORT OF WINCHESTER SCHOOL LUNCH PROJECTS

Each year we have made some marked improvements in this service to our school children. In September, 1949, lunches were served on opening day of school in each of our three schools and have become an integral part of every school day instead of a cold weather project only.

Our lunch rooms are crowded, especially on first shifts at Thayer High School and Center School. However, no child will be excluded. We urge the parents who have not yet provided the nominal fee for these noon time hot meals to visit us and see the bountiful lunches which would cost several times the price children pay if purchased elsewhere.

Our efficient lunch manager, Mrs. Coffin, and her staff of cooks and assistant cooks continue to serve meals of excellent quality and variety, meeting all requirements of complete "Type A" balanced school lunches. The additional cost of these, above childrens' payment, is met by federal reimbursement and receipt of U.S.D.A. foods.

The support of clubs, citizens and parents is gratefully acknowledged. One interested summer resident has again given us a gift of money. This provided wall knife sharpeners for each kitchen. The District Nursing Association paid for meals for a needy undernourished child for a few weeks. The Veterans of Foreign Wars deserve much credit for a recent generous gift. This will provide over 100 lunches for children who need them. The Cheshire County Forty and Eight division of the American Legion has contributed a sum of money toward the support of the hot lunch program. The Kiwanis Club of Winchester is paying for lunches for needy children also. The recipients are carefully chosen by teachers and Mrs. Coffin. Providing a noon time lunch for the school child is, of course, a parent's responsibility. However, when sickness or other misfortune comes to families, it is important that children do not suffer. The school lunch projects have carried many free children all the time and allowed as many as possible to work for their meals. We cannot meet all the needs and still keep our projects balanced financially. Such gifts as we have mentioned help us to reach our ultimate goal — "A complete balanced lunch for every school child every day."

Each lunch contains for each child at least (served in delicious menus) :

- ½ pint milk
- 2 tsp. butter or fortified oleo
- ¾ cups fruit and/or vegetables
- 2 oz. protein
- 2 slices whole wheat or enriched bread

The total number of meals served to children during the school year 1948 - '49 was 34,290.

The following is the financial report for the year July 1, 1948, to June 30, 1949.

RECEIPTS

Cash on hand, June 30, 1948	\$ 713.16
Cash received from children for lunches	\$ 6,563.30
Cash received from adults for lunches	396.19
Federal reimbursement for food	2,831.13
Miscellaneous receipts	19.20
	<hr/>
	\$ 9,809.82
Total	<hr/>
	\$ 10,522.98

EXPENDITURES

Payment for labor	\$ 2,645.50
Payment for food and milk	6,512.78
Payment for equipment	961.08
Other expenses	35.82
	<hr/>
Total	\$ 10,155.18
	<hr/>
Balance on hand, June 30, 1949	\$ 367.80

AUDITORS' REPORT

Examined and approved, July 21, 1949.

H. A. TAYLOR,

DONALD MANNING,

Auditors

Respectfully submitted,

ELSIE P. JOHNSON,

for School Board

HEADMASTER'S REPORT

I hereby submit the annual Headmaster's report to the Superintendent of Schools.

Enrollment for the school year 1949 - 1950 is as follows:

Seniors	26
Juniors	27
Sophomores	25
Freshmen	32
	<hr/>
Senior High Total	110
Junior High	87
	<hr/>
Total	197

For the first time in many years there are no changes to report in the teaching staff at the High School. Retaining a good teaching force is one of the problems of the small high school, therefore, we consider ourselves very fortunate this year.

The school band which was started last year is making good progress but is handicapped in the matter of a place to practice. At present rehearsals are held in the Town Hall twice a week. Two musical concerts have been staged during the past year by the band, chorus and the lower grades. The concerts were well given and the generous support of the townspeople is appreciated. The high school share of the proceeds will go for uniforms for the band.

A full program of sports for both boys and girls is being carried out with the four towns that make up the Border League. In that connection, it is interesting to note that as a result of a nation-wide inquiry made by a sporting goods house, this league is the only such school league in the country in which the boys' and girls' contests count equally in determining the standing of the schools at the end of the year.

The "Thayer Revue" board is doing an excellent job this year as is evidenced by the quality of issues so far published. Editor Margaret Byrne and her board deserve much credit.

The school lunch program is going well. More than 100 lunches are served daily.

As a matter of record a condensed report of the 1949 graduation exercises follows together with the class roll.

The topic selected for commencement was "The North Atlantic Pact." The speakers were: Francis Fosdick, Donald Manning, Phyllis Hodgman, Carolyn Samsel, Kendall Baker, and Caroline Frost.

Josephine Mansfield Sprague Music Award — Caroline Frost.

CLASS ROLL

CARL D. GRUPE,

Headmaster

January 30, 1950

Annual Report of the SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Winchester:

I have the honor to submit my third annual report.

Teachers: The Winchester schools opened in September with the same personnel as that of last year with one exception. After devoting forty-five years to her chosen profession, Mrs. Daisy Thompson resigned from her position of first grade teacher at the Center School. Mrs. Thompson is loved and revered by hundreds of her former pupils. She has left an imprint on their lives which will be permanent. She typified all that is noble in the teaching profession, for hers has been a life spent in the enrichment of the lives of little children. Her daily presence is sorely missed at the Center School.

Mrs. Grace Ingham is now teaching the first grade at Center School. Mrs. Eileen Duchesneau of West Swanzey was elected to the position of teacher of the class at the Community Center. Mrs. Duchesneau is a graduate of Keene Teachers' College.

Buildings and Grounds: Several noted improvements have been made in our physical plant. Perhaps the most outstanding was the installation of a steam heating system at the Ashuelot School. For several years past the heating at this school had been unsatisfactory. The citizens of Winchester will recall that the building was heated by two outmoded hot air furnaces. These furnaces were fired with soft coal and obnoxious fumes and dust leaked into the classrooms despite all precautions. During the summer, bids were submitted to the School Board by various heating contractors. Upon examination of the bids, it was found that the H. W. Taylor Hardware and Plumbing Company of Hinsdale was low and accordingly was awarded the contract to install a new heating system.

The result has been the complete elimination of the defects of the old system. The building is now heated by steam generated in a boiler fired by oil. The classrooms are much cleaner and more healthy than was formerly the case. The old coal bin is now used as a storage room and there is considerably more space in the basement.

Acting upon the recommendation of State Inspector John Peck, the School Board voted to have panic bolts installed on all outside doors which were without them. These panic bolts are simply the familiar bars which are found on the doors of public buildings and which when depressed unlock the doors and permit rapid egress in case of necessity. With these devices, it is virtually impossible to be trapped behind a door which will not open.

Our Fire Chief, Mr. Herman Barrett, advised the superintendent that the buildings should be equipped with more adequate fire extinguishers. Upon being acquainted with this fact, the School Board immediately approved the purchase of extinguishers recommended by the Chief for all three buildings.

At the high school building, Mr. Monroe resurfaced several floors which had a brightening effect in the rooms. He also sanded a large number of pupils' desks. At the Center School, Mr. Hyde completely painted the fifth grade room in a soft pastel green, a color recommended for sight-saving. Both janitors are conscious of color dynamics and threaten to revolutionize the color schemes of the Winchester schools.

All three schools are now connected to the town water supply.

Hot Lunch Program: The school lunch program continues to function in admirable style. Mrs. Guy Johnson, Mrs. Ruth Coffin, the cooks and assistants are to be congratulated upon the excellence of this phase of a modern educational program. Last fall, Mrs. Johnson and her staff conducted a panel discussion at a regional school lunch meeting in Marlboro. Subsequently, this was published in a release from Washington.

Future Trends: The citizens of Winchester must become more and more conscious of our building needs. The Center School is rapidly becoming overcrowded. The overflow from the lower grades is now being housed at the Community Center. It appears now that we shall need even more space next year. The high school building will begin to feel the effects of increased enrollments when the present wave in the lower grades reaches there. We are confronted with problems for which we must find solutions if the youth of Winchester are to receive adequate educational opportunities. Serious thought must be given to these problems and soon by all citizens interested in public education.

Loss of State Aid: During the recent session of the State Legislature, it was voted to cut the state's appropriation for state aid to local school districts from \$2,000,000 to \$400,000. This was done in the face of rising school costs and despite the fact that it was a foregone conclusion that local real estate taxes would bear the brunt of the cut. As a result, Winchester lost almost \$16,000 in revenue which she had received the year previously. This means that a deficiency appropriation is necessary to carry on the schools for the current year. It also means a larger assessment on the town to meet the obligations of the school district for the next fiscal year.

It is deplorable that the State Legislature saw fit to cut the state aid to education when New Hampshire already ranked very low among the states in supplying such aid. Even with the former \$2,000,000 appropriation, although New Hampshire ranked fourteenth among the forty-eight states in the amount of income back of each pupil in average daily attendance, it ranked only twenty-fourth in expenditures per pupil from all sources and it ranked forty-fourth in the amount of state aid per pupil.

State aid helps the poorer districts to maintain better schools. It also shifts the tax burden from real estate to other sources of revenue. It is in the interest of Winchester to have the former state aid fully restored and, if possible, increased.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, to the School Board and to the patrons of our schools for their cooperation.

Respectfully submitted,

CHESTER C. LEES,
Superintendent of Schools
